## **Training on Participation and Paper Presentation in National Seminar Held at M.G. University Kottayam**

The M.Ed. students of St. Joseph College of Teacher Education exhibited remarkable enthusiasm and intellectual prowess as they actively engaged in the National Seminar on Youth@75: Way Forward, held on March 12, 2023, at MG University Kottayam. This event was a pivotal moment for these budding educators, who seized the opportunity to present their research papers, bolstered by unwavering support and guidance from their dedicated teachers. The journey towards the seminar began on February 23, 2023, when the teacher educator Miss Sheeba A.S extended invaluable assistance to the students in preparing their papers and honing their presentation skills. This collaborative effort not only cultivated the students' confidence but also helped them overcome stage fright and sharpen essential skills like effective communication, creativity, and problem-solving. The seminar, with its theme centered on the role of teachers in shaping the future of the youth in the context of India's vision of Youth@75, provided an enriching platform for knowledge exchange and dialogue. Over two days, the event featured a diverse array of sessions, including keynote speeches, panel discussions, and workshops. These sessions delved into various facets of education and teachers' vital role in nurturing holistic development, critical thinking, and responsible citizenship among young minds.

## ➤ Description

A training programme for seminar presentation was conducted on 01.09.2022 at St. Joseph College of Teacher Education for Women, Ernakulam. The class was given by Rosy Tintu M P Assistant Professor, ST. Joseph College of Teacher Education for Women, Ernakulam. Fifteen students of physical science attended the class.

A seminar is an educational event in which a group of people gather together to learn more about a certain topic or subject. Seminars usually involve presentations, discussions, and interactive activities that help attendees get more knowledgeable. They typically last anywhere from one hour to several days, depending on the complexity of the material being presented.

In this training session, sister explained all the main points to be remembered while taking a seminar. Also gave clear idea about its benefits, steps, types and purpose.

By taking seminar, students learn from each other. They are not only receiving insights from their teachers but also from their classmates and peers. They gain new perspectives and also learn the importance of respecting another person's viewpoint. Seminars help us to improve our knowledge and get updated to the latest technological developments. Students become more confident and independent. It also helps to improve communication skills, gaining expert knowledge, networking with others and renewing motivation.

When designing a seminar, keep all the following points in mind: Put our audience first – how can we convey the information to best help them. Bring the content to life with practical examples. Plan and practice what we will say to deliver in an engaging way. Do interact with the audience.

This programme was really beneficial for us. It was a nice experience. Sister motivated us to take seminar in an effective way. This class really helped us to understand clearly about seminar presentation.

On the basis of this class, different topics were assigned for each of us to take seminar. We took seminar by following all the steps taught by sister and we used power point slides, chart and different ICT techniques to make our class attentive and interesting.

### Description

A training programme for article preparation was conducted on 1<sup>st</sup> March 2023 at St. Joseph College of Teacher Education for Women, Ernakulam. The class was given by Rosy Tintu M P Assistant professor, ST. Joseph College of Teacher Education for Women, Ernakulam. Fifteen students of physical science optional were attended the class.

An article writing is a kind of writing that is written to reach a massive audience with the help of the press. In the case of article writing, the press refers to publishing houses of newspapers, magazines, journals, etc. It requires a lot of research and writing skills. It is written in such a way that it can inform the masses about a certain topic. The main aim of the writer is to bring some difference in the world by changing the views of the people through article writing.

In this training session, sister explained all the main points to be remembered while writing an article. Also gave clear idea about its steps, types, tips to be followed while writing, purpose, objectives and also how to upload it in a blog.

Understand your topic, prepare an outline, review and make relevant changes, write it, edit and proofread are the most important steps to be followed in article writing.

An article is written with the following objectives

- It brings out the topics or the matter of interest in the limelight
- The article provides information on the topics
- It offers suggestions and pieces of advice
- It influences the readers and urges them to think
- The article discusses various stories, persons, locations, rising-issues, and technical developments

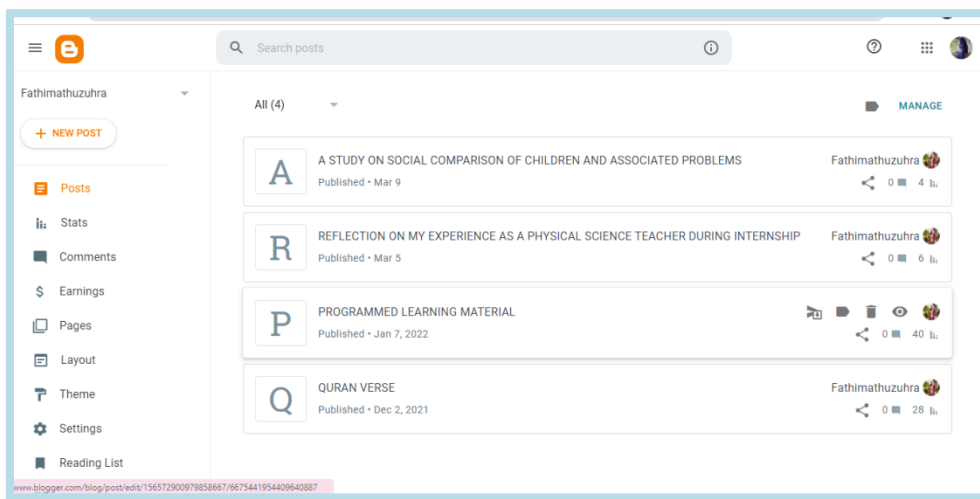

After the training session, we got an opportunity to develop an article and uploaded it in the blog. This training really helped us to prepare the article and this shows the success of this session. It was a good experience. This class really helped us to understand clearly about article preparation.

## ORIENTATION ON ACTION RESEARCH

As part of the third-semester practicals in the BEd curriculum, students were asked to undertake action research on a topic of relevance in their respective training schools. For the same, before the beginning of the internship, an orientation was given to students on the concept of action research incorporating its various aspects such as the concept, the steps, identifying the problem, formulation of action hypothesis, etc, and the method of documenting the final output. The orientation was given under the guidance and support of Smt. Anu Cleetus. Action research aims to simultaneously investigate and solve an issue. As advised students identified relevant problems in their respective schools and put forth suitable solutions. As per the hypotheses formed, students were able to solve the problem. The final output and documentation were submitted to Smt. Anu Cleetus on the day of re-joining the college after the internship. Students were, in fact, able to put the theory they learned in the classroom into practice by undertaking action research.

### Report: Paper presentation orientation

Paper presentations are an essential part of academic conferences, seminars, and symposiums, allowing researchers and scholars to share their work, findings, and ideas with a broader audience. The orientation session plays a crucial role in preparing presenters for a successful and engaging presentation. An orientation was given to us regarding paper presentations in our college. It was a useful session for us. We understood the different procedures that should be followed in preparing a paper and then the presentation of the same. Selection of the topic and designing the title is the important step in this. Introduction, background of the study, overview, objective, methodology, analysis, findings, suggestions, conclusion, reference, appendix are the major components of a paper. After the orientation session we got an opportunity to develop a paper and present it in an international seminar.

We understood the importance of writing an abstract to a paper and how precise it should be. An international multidisciplinary web conference on Education in normal, neo normal and futuristic normal was organised by our college and many of us participated in this conference. It shows the success of the orientation programme held in our college.

### Programme Report

The world is going through a strange situation where almost all the parameters are challenged. Each aspect of people's life has a new definition now. Today mankind is looking through a new normal. The requirement of today is to analyze the current situation and take out some construction path for the future as the pandemic has conveyed that it is not going to leave the world so that, we need to learn to live along with it with certain methods which are suitable for the students and the educators. At present, there is a drastic need to continue education through alternative ways. There is an urgent need of innovate methods and strategies for the neo normal conditions by preserving the merits of normal educational system. This will give path for a new vision and style for futuristic normal in education. Assessing this need, the theme for the

International web conference which is, 'Education in Normal, Neo normal and Futuristic Normal' organized by St. Joseph College of Teacher Education for Women, Ernakulam, was selected. St. Joseph College of Teacher Education for Women, Ernakulam and Council for Educational Administration and Management (CEAM) in collaboration with Kerala State Higher Education Council (KSHEC), Council for Teacher Education Foundation (CTEF) Kerala and Association of International Researchers of Indian Origin (AIRIO) organized the International Multidisciplinary Conference on 'Education in Normal, Neo Normal and Futuristic Normal' on 15<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> March 2022 via Google Meet. The

faculty programme coordinator for the International multidisciplinary conference was Dr. Soya Mathew, Assistant Professor in Education at St. Joseph College of Teacher Education for Women, Ernakulam.

Day 1 (15<sup>th</sup> March 2022):

The first day of the international multidisciplinary conference on 'Education in Normal, Neo normal and Futuristic Normal' was on 15<sup>th</sup> March 2022. The conference started exactly at 9.15 AM via Google Meet. The time between 9.15 AM and 9.30 AM was allotted for the participants for logging in to Google Meet. The inauguration session of the conference started at 9.30 AM. The invocation was done by the students of St. Joseph

College of Teacher Education for Women, Ernakulam. Dr. Alice Joseph, Principal at St. Joseph College of Teacher Education for Women Ernakulam and the general convener of the multidisciplinary online conference, delivered the welcome address for the programme. Dr. Alice Joseph officially welcomed all the dignitaries and all the other participants to the international multidisciplinary conference. The welcome speech by Dr. Alice Joseph was followed by the presidential address delivered by Rev. Sr. Pavana CMC, Councillor of Department of Education at CMC Vimala Province Ernakulam. Rev. Sr. Pavana emphasized the need of the hour to address some of the most critical issues on the educational landscape by turning our attention to what we have learned from the global reset of many things including education. After the presidential address was the inaugural ceremony of the international conference. Dr. Rajan Varghese, Member Secretary, KSHEC (Kerala State Higher Education Council) inaugurated the international multidisciplinary web conference. During the inaugural speech, Dr. Rajan Varghese mentioned the effects of techno capitalism, how knowledge work as both commodity and capital in economy, importance of life related academic activities, virtual and actual higher education systems, dimensions of future of higher education and knowledge economy. Most Rev. Dr. Joseph Mar Thomas, Bishop of Bathery Diocese in Wayanad delivered the blessing speech for the web conference. He pointed out the changing role of teachers to knowledge explorers. He identified and explained three major changes taking place in educational field as internal effectiveness, thrust in interface effectiveness and world class educational movement. The key note address of the webinar was given by Ms. Stephanie Egger Ph.D., Co-Founder & Creative Partner at 'The Invisible Lab', post disciplinary Design Laboratory in Austria. She gave a comprehensive explanation of how designing tools like a portfolio may benefit education. Dr. Grace Annie Mathews Chairperson of Council for Teacher Education Foundation (CTEF),

Kerala, Dr. M.S. Geetha, Chairperson of Kerala and Association of International Researchers of Indian Origin (AIRIO), Kerala Chapter and Dr. Nimmy Maria Oommen, National Secretary of Council for Educational Administration and Management (CEAM) delivered the words of appreciation and shared their views about education in normal, neo normal and futuristic normal scenario.

After the delivery of words of appreciation by chairperson of AIRIO and National Secretary of CEAM, the panel presentation session started from 11.45 PM to 1.15 PM. The panelists for the presentation session were Dr. N Johnson, National Vice President of Council for Educational Administration and Management (CEAM) and HOD in charge at Department of Lifelong Learning at Alagappa University in Karaikudi in Tamil Nadu; Dr. Reni Francis, Principal at MES's Pillai College of Education and Research, Mumbai in Maharashtra; Dr. Pratiksha Dixit, Principal at Springfields, Moradabad, Uttar Pradesh; and Dr. Joby Joy Kurian, Assistant Professor in Mathematics Education at St. Joseph College of Teacher Education for Women, Ernakulam. Dr. Protiva Rani Karmaker, Former Director at Institute of Modern Languages (IML) at Jagannath University in Dhaka, Bangladesh presented the theme paper on 'Education for futuristic Changes and Challenges'. The discernment in selecting tools and methods for effective learning is very important. Education has transformed into a blended and flipped paradigm and is no longer static or conventional. The training programs for teachers should concentrate and emphasize the development of skills such as problem solving, communication, critical thinking, presentation, practical application, risk management and others. More emphasis should be placed on the metacognition process. Future education should act as a catalyst to eradicate injustice, poverty, and other social ills. Followed by the theme paper, panel discussion took place which was moderated by Dr. Neelu Gautham Ghosh, Chairperson of Council for Educational Administration and Management (CEAM), Gujarat and Principal at DD Choksi College of Education, Palanpur, Gujarat. The first panelist was Dr. N Johnson and presented his views on blended learning in higher education. Education is now more accessible to everyone due to the advancement of technology. All facets of education had been taken over by technology, and educators need to accept it and adapt in order to succeed. The three key elements of neo-normal blended classrooms are visibility, priority, and autonomy. Dr. Reni Francis shared the perspectives on inclusive education. During the discussion, various facets of inclusion, such as challenges and obstacles, were clearly highlighted. Access to education, increasing awareness, establishing an identity, having a support network, and empowerment are important components of

inclusion. ‘Pedagogical revolutions with technological Interventions’ was the topic shared by Dr. Pratiksha Dixit. The Futuristic education incorporates four key changes including internet adaptability, technological advancements, distributed living and learning, and a put more emphasis on problem-solving. After passing through Globalization, Robotization, and Digitalization, the normal trends turn into Automation. Learning skills, literary skills, and life skills are classified as the skills of the twenty-first century.

After the panel presentation and discussions, paper presentations were carried out in the conference. The paper presentations were conducted in three different group online. The chairpersons for the paper presentation of each group were Dr. A. Prameela, Principal at SNDP Yogam Training College, Adimali in Idukki district, Kerala; Dr. Meenakshi Chaturvedi, Secretary of CEAM, Madhya Pradesh and Assistant Professor at IES University in Bhopal, Madhya Pradesh; and Dr. Smitha Jose, Assistant Professor in Education at St. Joseph College of Teacher Education for Women Ernakulam. A total of 18 papers were presented in the web conference. Student teachers from St. Joseph College of Teacher Education for Women, Ernakulam actively participated in the conference. The theme of papers comprised of media and technology integration, inclusive education, strategies for learning and teaching, artificial intelligence and blended learning. With the paper presentations, the first day of web conference winded up.

The world is going through a strange situation where almost all the parameters are challenged. Each aspect of our life has a new definition now. Today mankind is looking through their windows for a new normal. Education is one of the worst effects aspects of Covid-19. The requirement today is to analyse the current situation and take out some constructive path for the future as the pandemic has conveyed that it is not going to leave us early, so we need to learn to live with it with the methods, which are suitable for the students and the educators. At present, there is a serious need to continue education through alternative pathways. There is also an urgent need for innovative methods and strategies for the neo normal conditions by observing the merits of normal educational system. This will give path for a new vision and style for futuristic normal in education.

## Workshop on research proposal preparation

**Date:** 12/08/2019

**Venue:** M.Ed. Classroom, St. Joseph's College of Teacher Education for Women, Ernakulam

**Resource Person:** - Aswathy D.V,

**Introduction:** The purpose of this report is to document the guidelines provided by Mrs. Aswathy D.V., Assistant Professor at St. Joseph's College of Teacher Education for Women, Ernakulam, regarding the research proposal preparation. The guidelines were delivered during a session held on 12/08/2019 M.Ed. Classroom.

**Objective of the Research Proposal:** The primary goal of the research proposal is to outline the scope, objectives, methodology, and expected outcomes of a research project. It serves as a roadmap for the researcher and provides a comprehensive overview of the intended study.

### Key Points from Mrs. Aswathy D. V's Guidelines:

**Title Selection:** The title should be clear, concise, and reflective of the research's main focus.

Avoid ambiguous or overly complex titles.

**Introduction:** Clearly state the research problem or question.

Provide a rationale for the study, explaining its significance and relevance to the field of education.

**Literature Review:** Conduct a thorough review of existing literature related to the research topic.

Identify gaps in current knowledge that the proposed research aims to address.

**Objectives:** Clearly define the research objectives. What do you intend to achieve through this study?

**Hypotheses/Research Questions:** Formulate clear and testable hypotheses or research questions.

Ensure they align with the research objectives.

**Methodology:** Describe the research design, data collection methods, and data analysis techniques.

Justify the chosen methodology and discuss its appropriateness for the study.

**Sampling:** Clearly define the target population and the sampling method.

Provide a rationale for the chosen sampling strategy.

**Ethical Considerations:** Discuss ethical considerations associated with the research, including participant consent and data confidentiality.

**Timeline:** Develop a realistic timeline for the completion of different phases of the research.

**Expected Outcomes:** Clearly articulate the expected outcomes and contributions of the research to the field.

**References:** Compile a comprehensive list of references following a specified citation style (e.g., APA, MLA).

**Conclusion:** The guidelines provided by Mrs. Aswathy D.V. serve as a valuable framework for developing a well-structured and rigorous research proposal. Researchers are encouraged to adhere to these guidelines to ensure the quality and academic integrity of their proposals. The proposed research, when conducted following these guidelines, is likely to make a meaningful contribution to the field of education.

**Note:** This report summarizes the key points discussed during the research proposal session. Researchers are advised to refer to the detailed guidelines provided by Mrs. Aswathy D.V. for a comprehensive understanding of the expectations and requirements for developing and preparing a research proposal in the M.Ed. program at St. Joseph's College of Teacher Education for Women, Ernakulam.

## Workshop on research proposal preparation

**Date: 04/06/2018**

**Venue: M.Ed. Classroom, St. Joseph's College of Teacher Education for Women, Ernakulam**

**Resource person: Dr. Anila Kumari**

The purpose of this report is to document the guidelines provided by Dr. Anila Kumari, regarding the research proposal preparation. The guidelines were delivered during a session held on 04/06/2018 in the M.Ed. Classroom.

**Objective of the Research Proposal:** The primary goal of the research proposal is to outline the scope, objectives, methodology, and expected outcomes of a research project. It serves as a roadmap for the researcher and provides a comprehensive overview of the intended study.

### **Key Points from Dr. Anila Kumari's Guidelines:**

**Title Selection:** The title should be clear, concise, and reflective of the research's main focus.

Avoid ambiguous or overly complex titles.

**Introduction:** Clearly state the research problem or question.

Provide a rationale for the study, explaining its significance and relevance to the field of education.

**Literature Review:** Conduct a thorough review of existing literature related to the research topic.

Identify gaps in current knowledge that the proposed research aims to address.

**Objectives:** Clearly define the research objectives. What do you intend to achieve through this study?

**Hypotheses/Research Questions:** Formulate clear and testable hypotheses or research questions.

Ensure they align with the research objectives.

**Methodology:** Describe the research design, data collection methods, and data analysis techniques.

Justify the chosen methodology and discuss its appropriateness for the study.

**Sampling:** Clearly define the target population and the sampling method.

Provide a rationale for the chosen sampling strategy.

**Ethical Considerations:** Discuss ethical considerations associated with the research, including participant consent and data confidentiality.

**Timeline:** Develop a realistic timeline for the completion of different phases of the research.

**Expected Outcomes:** Clearly articulate the expected outcomes and contributions of the research to the field.

**References:** Compile a comprehensive list of references following a specified citation style (e.g., APA, MLA).

The guidelines provided by Dr. Anila Kumari serve as a valuable framework for developing a well-structured and rigorous research proposal. Researchers are encouraged to adhere to these guidelines to ensure the quality and academic integrity of their proposals. The proposed research, when conducted following these guidelines, is likely to make a meaningful contribution to the field of education.
