PEER CLASS OBSERVATION REPORT 4

Name of the student teacher- Merin J Kaniyarakam

Subject- Mathematics

Topic- Values acquired through the study of Mathematics

Date- 06-02-2023

Duration- 50 minutes

On February 6th 2023, Merin J Kaniyarakam has taken a session from Mathematics on the topic values acquired through the study of Mathematics. The teacher started the class by having a conversation with students. At the beginning of the class, the teacher set enthusiasm among learners by asking them to tell about the values they are getting through learning Mathematics. After having a short discussion the teacher divided the class into four groups and discussed about the practical values, intellectual values, moral values and aesthetic values obtained by doing maths. Later each group presented their views. After group presented teacher introduced the topic through a power point presentation. And a follow up activity was given which is to write about the four values discussed in the class.

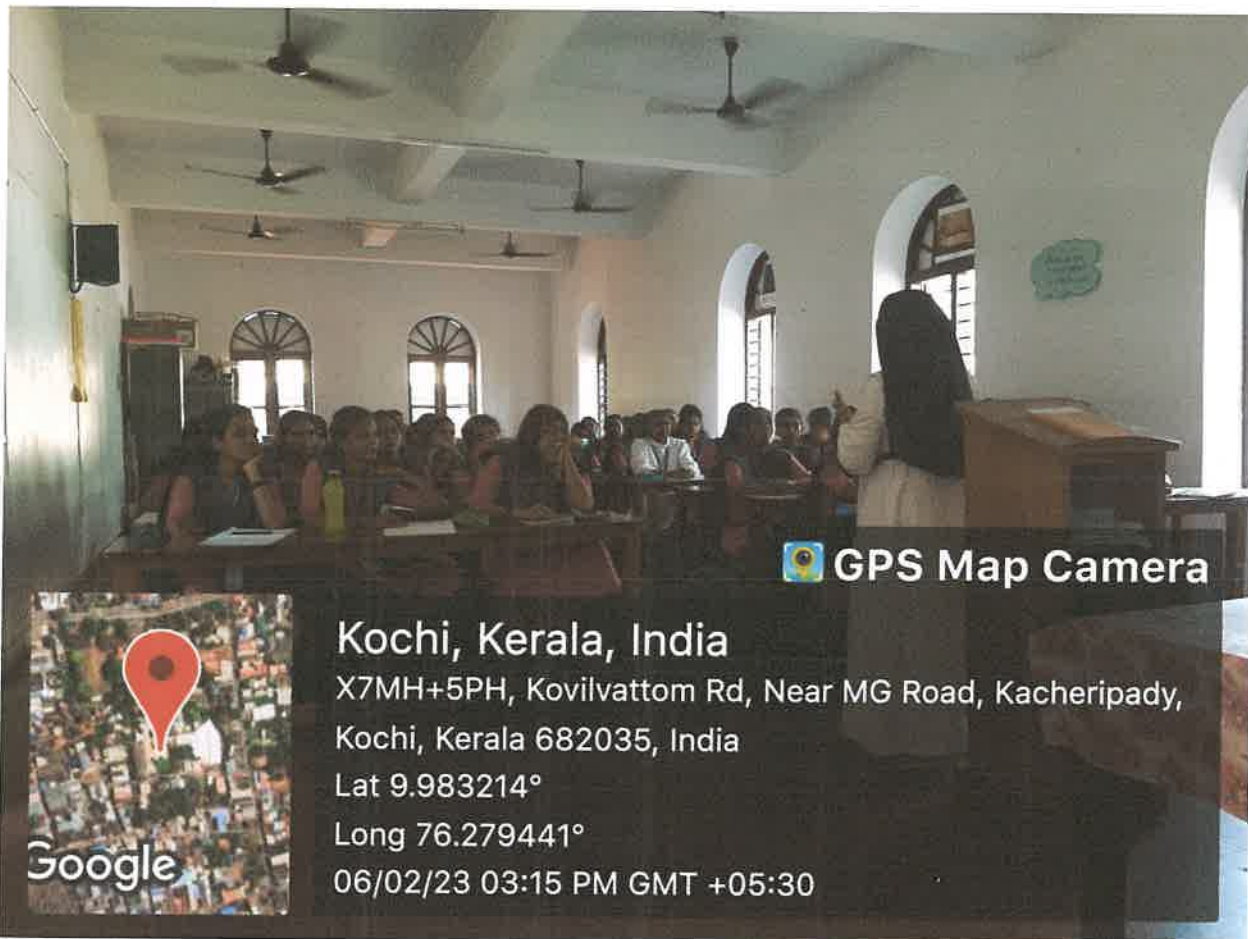

Detailed criticism (strength and weakness) of the student teacher is stated as follows;

- Good subject competency
- Good rapport building
- Effectively used instructional strategies, techniques and activities
- The teacher was very pleasant and active
- Clarity, stimulus variation and reinforcement.

Aliya Saif

- Summarized the topic effectively and clearly.
- Acted as good facilitator in the class.
- Appearance and time management were good.
- Voice modulation can be made better
- Maintained discipline throughout the class.
- Evaluation activity was very interesting and mind blowing.
- Follow up activity can be little more interesting
- Use of blackboard was also limited
