The International Women's Day celebration, 2022 held by St. Joseph College of Teacher Education for Women, Ernakulam started exactly at 9.00 AM at the college multipurpose hall. The event started with a prayer song. The welcome speech for the event was delivered by Ms. Anu P Thomas, student teacher from Physical Science optional. Ms. Anu P Thomas officially welcomed all of the participants to the observatory programme. The welcome speech was succeeded by the introductory presentation by Ms. Krishnapriya K and Ms. Mereena Joy, student teachers from Social Science optional on the importance and relevance of observing women's day. The presentation was really informative and also focused on the problems faced by women and the measures to overcome them in the present scenario. The presentation carried out was based on the facts which are very much necessary to be informed to the present generation. Even though, drastic changes have been witnessed in the recent years regarding women in society, still a large group of women are subjected to sexual harassment and abuse, violence and gender discrimination. Violence is becoming the major issue faced by women especially in a country like India. Women are being tortured, molested or killed somewhere in the country which boasts about its development milestones. Women are killed for rejecting love, choosing their own style of life and work and many more. Some parts of the country still forbid women from deciding their life and its course. In various modes, women are still facing a number of problems of which some are reported whereas some aren't even receiving any attention. Raising women's awareness regarding their rights can contribute to the reduction issues faced by them or at least help them in seeking support or act accordingly for their well-being. The student teachers also presented a documentary on great women figures in India. The presentation was followed by a speech by Ms. Amala Antony, student teacher from English optional. The speech conveyed the message that there is a long way to go for a country like India to achieve complete women empowerment and freedom. The speech also enunciated that women must be aware of their rights in order to act effectively in critical situations and improve their lives and live it with utmost dignity and worth. After the speech, a quiz competition regarding women's day was conducted. Ms. Fathimathuzhra, student teacher from Physical Science optional and Ms. Pratibha S, student teacher from English optional were the winners for the quiz competition. The competition was succeeded by the vote of thanks for the programme delivered by Ms. Anu P Thomas, student teacher from Physical Science optional. The entire programme winded up at 10.00 AM.

Coordinators, Dr. Smitha Jose, Assistant Professor in Education and Ms. Dinimol Jacob, Assistant Professor in Natural Science Education at St. Joseph College of Teacher Education for Women, Ernakulam. The Chief-Guest for the day was Ms. Jilumol Mariet Thomas, MFPA (Mouth and Foot Painting Artist) Foot Artist & Graphic Designer. The first year B Ed student teachers (2021-2023 batch) and faculty members were the beneficiaries of the programme.

The observatory programme, 'Womaniya- International Day of Persons with Disabilities, 2021' started exactly at 10.00 AM at the college multipurpose hall. The programme started with a prayer. Ms. Anu P Thomas, student teacher from Physical Science optional performed emcee for the entire programme. Ms. Anu P Thomas did also delivered the welcome speech for the programme through which she warmly welcomed all of the participants to the programme. The welcome speech was followed by an introductory presentation on the need and importance of observing the International Day of Persons with Disabilities. The introductory presentation was carried out by Ms. Krishnapriya K and Ms. Mereena Joy, student teachers from Social Science optional. The presentation was really informative and it covered the importance and relevance of the day. The major purpose of observing International Day of Persons with Disabilities is to raise awareness regarding disability issues as well as organize support for the rights, dignity and general welfare of persons with disabilities. The day intends to advance the rights and welfare of people with disabilities in all facets of the society. Observing the day helps people raise awareness and become more empathetic, sensitive and cognizant of the difficulties posed by having impairments or disabilities. It is also an attempt to inspire persons with disabilities to come forward on to the mainstream and an attempt to equip the society to accept persons with disabilities and to encourage their inclusion in all spheres of society. The presentation by the student teachers also covered the major welfare measures and challenges for persons with disabilities in the society. Even though, many changes have come in order to ease the lives of people having disabilities, still there is a long way to go. In terms of infrastructural facilities, transportation, educational institutions, healthcare institutions and other public institutions have undergone several structural modifications focusing on disability friendly environment. In all of the transportation modes including airways, roadways and waterways, disability friendly rails are there to step in the vehicle but many of the local buses and other vehicles have no such facilities which would be a hindrance for persons with disabilities. Many educational institutions are currently disability friendly with ramps, lifts and disabled friendly

toilets etc. Even though, many a colleges have all of the proper facilities for persons with disabilities, there are still a lot more educational institutions which lack proper facilities. However, the state and central government are providing several welfare schemes and measures for the wellbeing of persons with disabilities.
